Dear Uncle,

I trust Sue and Harry are keeping well, & living on hope of good letters to morrow. Have you fail? Bis has improved a good deal the last week.

Peter Smith has gone to Ottawa this morning. He is a very intimate Man. He found out that the woman he is looking for owns the Western Union Tel. Co and is only her agent. The Vanderbuilts also are her agents in Man equally important properties.

I have just finished a letter to Lizzie. With dear love to you both from the three Sons

I am Ever affectionately

Dear [illegible] —

Thy card telling of Dr. Green's decease has just reached me, & I am grieved to hear that such a good man has departed from among you. Poor Mrs Green my sympathy goes forth for her in her time of bereavement as well as her own illness. I trust however that she may be spared yet a little longer. What was the cause of his death & had you known of this

Dear [illegible].

John Wood's mother passed away on 7th day night soon after [illegible] o'clock, & I have been most there most of the time since till last eve. The funeral took place yesterday in a terrific rain storm. John & [illegible] will be very lonely, & I say [illegible] is waiting on their father's [illegible]. She is in her 84th year, & has been [illegible] bed since 4 mo. - Does not think she will be long here. The shock of Betsy Wood's death has had a great effect on the old lady. Today is M. meeting day so I cannot write much - Did you get my letter of [illegible] 6th day [illegible]? While I think of it did a letter come for me from John just after I left you? Sunday he wrote one & posted it. It is of no consequence & I don't want your brother about it but would like to know if it got there - I think he forgot to mail it. All at Brookline are ailing & I have no further news from Scotland - Susan's [illegible] letter [illegible] then wrote very much - a card

from Susan Wright this week - She sends thanks for the photos which they think very good. They have not had to move. I hope you are all well [illegible]
